## **Mechanics of Application**

- Paper Application or Online (FastLane, etc).
- Academic Transcripts (official/unofficial)
- Statement of Purpose
- Research Proposal
- Letters of Recommendation from Faculty
- Supplemental Materials
- Detail Work/Volunteer Experiences
- GRE or Other Exams

#### Create an Action Plan with Deadlines

- Deadline for completing required forms.
- Deadline for obtaining reference letters. Ask at least a month in advance!
- Continue to work backward, defining all key tasks & deadlines.

#### Create an Action Plan with Deadlines

- Start with funder's RECEIPT deadline, including time zone.
   Place this on the last line and work backward (toward the top of the list.)
- Date you must place in mail, if hard copy required.
- Date to make copies, if necessary. If time permits, reread one last time!
- Deadline for last major revision. (Ask your mentor how much "turn around time" they would like to give you feedback.)

### Here's what typically happens

**AUG:** competition opens

**NOV:** application deadlines

JAN-FEB: 800+ panelists convene

- reviewers are disciplinary experts
- each application gets 2-3 reviews

**MAR-APR:** GRFP offers awards Fellows accept or decline

**SUMMER - FALL:** Commence grad studies

Pending federal funding, NSF GRFP cycle repeats annually

### **Accepting Funding Offers**

# Council of Graduate Schools

Resolution Regarding Graduate Scholars, Fellows, Trainees and Assistants

Acceptance of an offer of financial support \*(such as a graduate scholarship, fellowship, traineeship, or assistantship) for the next academic year by a prospective or enrolled graduate student completes an agreement that both student and graduate school expect to honor. In that context, the conditions affecting such offers and their acceptance must be defined carefully and understood by all parties.

Students are under no obligation to respond to offers of financial support prior to April 15; earlier deadlines for acceptance of such offers violate the intent of this Resolution. In those instances in which a student accepts an offer before April 15, and subsequently desires to withdraw that acceptance, the student may submit in writing a resignation of the appointment at any time through April 15. However, an acceptance given or left in force after April 15 commits the student not to accept another offer without first obtaining a written release from the institution to which a commitment has been made. Similarly, an offer by an institution after April 15 is conditional on presentation by the student of the written release from any previously accepted offer. It is further agreed by the institutions and organizations subscribing to the above Resolution that a copy of this Resolution or a link to the URL should accompany every scholarship, fellowship, traineeship, and assistantship offer.
