User Account – Tracks Score

The image shows a user account page from the Duolingo platform. It displays the user's profile, a track progress in French and Spanish, and language levels. The user has completed Basics 1 in French and Basics 2 in Spanish. The profile includes a score of 1512 and a level of 191 in French. There are also two friends listed.
Verification System

- User is involved in the verification
- System looks for 5 same answers. Once the 5\textsuperscript{th} same answer is entered, the answer is locked in.
- The record flashes blue and the user is awarded more points. All other users who have entered correct data on the record are also awarded points and are alerted to this next time they log in.

What Could We Accomplish This Week?

- Profile system, collects a tiny bit of data (optional) to pull into achievement system,
  - Birthday
  - City they were born in etc..
- User interface that allows users to track the number of records they have done over time.
- Starts tracking points for different museums.
All other system changes feed on this

- Armor Games ~ reach out to them.
- Kongregate
- Duolingo ~ more closed
- Achievements ~ track this
- Competative thing ~ track friends
- Angry birds ~ screenshot
- Daily Challenges

- OPEN SYSTEM
Verification Step 2

- One a record has 5 records it gets committed and does not show back up.
- On the fifth
1. Profile

Need continuous progression
1. Needs to remember number of records previously recorded
Score

- Total Records Done
- Total Correct Records Done
- Total Records in each collection
  - Have fun little animal icons.
