

PALEO QUEST

Accelerating science literacy, paleontological discoveries and museum collections through citizen science, outreach and novel field recovery methods

Paleo Quest: 501(c)3 volunteer non-profit organization

Our Family

Core Team

Health Scientist

Engineer

Retired Scientist

Undergrad

Geologist

Health Scientist

Science Director

Journalist

Engineer

Undergrad

Physics Professor

And growing !

Collaborators

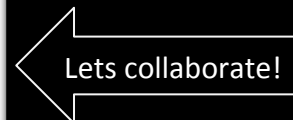

Dr. Brett Kent

Dr. Stephen Godfrey

Scientific American

Partners

UNIVERSITY OF
MARYLAND

Research:

9 peer reviewed journal publications and 5 in-process

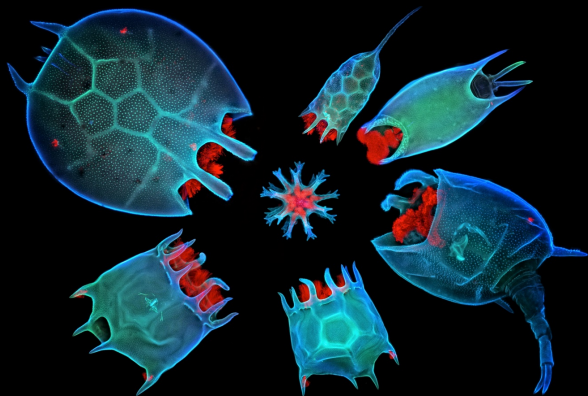

4 juried abstracts

12 pending peer-reviewed publications featuring fossils or data generated by Paleo Quest members

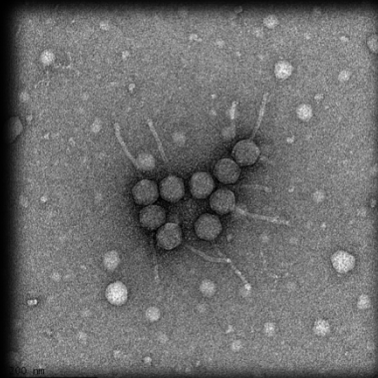

Field recovery methods development

F.I.R.S.T.

(Fossil Inspection, Recovery, Survey Team)

200 micron

200 nm

Education:

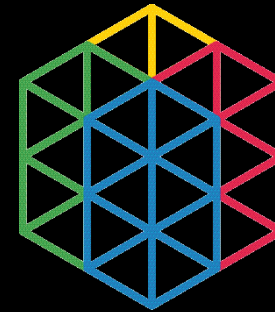

Six global live STEM outreach interviews

Scientific American

~30 invited lectures and
hands-on activities

Brewing for science literacy!
