

Broadening Diversity Shadowing Opportunity

Friday, April 6, 2018

Questions? Feel free to contact Libby Ellwood: lellwood@tarpits.org

Schedule:

9am Arrive

9:00-9:30 Breakfast

9:30-12:30 Shadow

12:30-1:30 Lunch

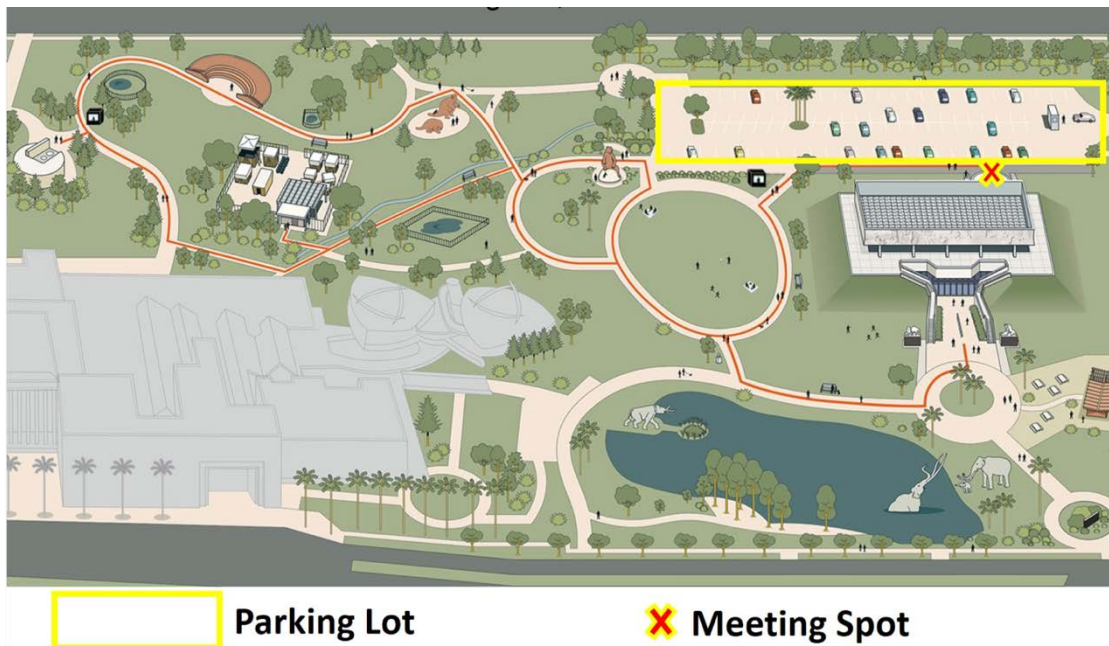

1:30 Conclude

This morning of shadowing museum professionals takes place at three different locations: La Brea Tar Pits and Museum, Invertebrate Paleontology warehouse, and the Natural History Museum. Participants accepted into the Friday shadowing opportunity were notified by email as to which department they would be shadowing. A light breakfast and lunch will be served at all locations.

- **La Brea Tar Pits and Museum**

5801 Wilshire Blvd, Los Angeles, CA 90036

Please tell the parking attendant you are here for the Broadening Diversity Workshop then meet at the rear staff entrance, shown by the red X below.

- If you are shadowing at the **Invertebrate Paleontology warehouse:**

The Invertebrate Paleontology collections facility is NOT located at the main Museum. It is located at **17232 S. Main St., Gardena CA** in a block of warehouses called Centre Point. There is another building with the same name directly across the street--we are located on the same side of the road as the 110 freeway entrance, we are not the building with the Enterprise car rental agency. Once you've gone through our gates and you're in our parking lot, we are the second warehouse but the first with a ramp. 17232 is in block letters over our front door. You can feel free to park anywhere in front of our front door, or anywhere on the opposite side of the lot. If you're having any trouble finding us, give a call on the collections phone (310-851-4764).

- **Natural History Museum of Los Angeles County**
900 Exposition Blvd, Los Angeles, CA 90007

If following online map directions to drive here, use the cross section "S Figueroa St & W 39th St" to navigate to the entrance of the parking structure. Tell the parking attendant you are here for the Broadening Diversity workshop. Then follow signs to walk over to the Natural History Museum (NOT the California Science Center) and meet us at the Old Staff Entrance -- the glass doors to the left of the main entrance. See map below for details.
