

Community coordination for Australian herbaria and zoological collections

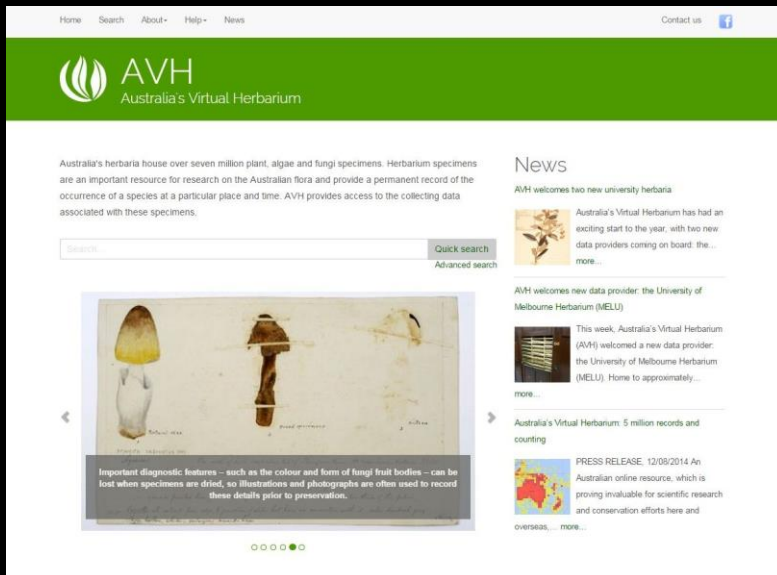

Alexis Tindall and Alison Vaughan
Collections Community Coordinators

HISCOM – Herbarium Information Systems Committee

FCIG – Faunal Collections Informatics Group

The problem

- Shifting priorities
- Communication challenges
- Sense of disenfranchisement

Collections Community Coordinator roles

- Information sharing
- Coordinating feedback on issues
- Working together across communities
- Promoting the role and value of the collections in the Atlas
- Maintaining attention on ongoing issues

Ongoing challenges

- Diversity of the collections community
- Dynamic nature of collections
- Engaging new collections
- Maintaining the roles
