

## DAY ONE: WEDNESDAY, 22 SEPTEMBER 2021

---

Time EDT	<b>Session One</b> <b>8:30 - 11:00 AM</b>
-------------	----------------------------------------------

---

8:30	<i>Opening</i> Gil Nelson, iDigBio & Rebecca Johnson, NMNH
------	---------------------------------------------------------------

---

8:40	 <i>Welcome</i> <b>Kirk Johnson</b> National Museum of Natural History, Smithsonian Institution
------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

---

### Oral Presentations Topic: Innovations: Strategy & Coordination

---

9:00	 <i>Increasing the Reach and Impact of Scientific Collections through 3D-imaging</i> <b>David Blackburn</b> iDigBio Florida Museum of Natural History, University of Florida
------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

9:20	 <i>Progress in data mobilization: standards, coordination, and linking data</i> <b>Holly Little</b> Department of Paleobiology National Museum of Natural History, Smithsonian Institution
------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

9:30	 <i>Creating the Building Blocks for Biodiversity Research</i> <b>Diane Zorich</b> Digitization Program Office Smithsonian Institution
------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

9:40	 <i>Translating digitization and data mobilization capacity into the geosciences and other disciplines</i> <b>Gary Motz</b> Indiana Geological and Water Survey Indiana University
------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

---

9:50	<b>Session Q&amp;A</b>
------	------------------------

---

---

10:00

**Virtual NMNH Botany Conveyor Tour**  
Sylvia Orli, Eric Schuettpelez, Victor Shield

---

10:20

*Supporting regional capacity development to address challenges within biodiversity data mobilization and use*  
**Maheva Bagard Laursen**  
Global Biodiversity Information Facility (GBIF)  
Denmark

10:30

*Digitizing large insect collections - approaches and prioritization for sharing meaningful data and media*  
**Torsten Dikow**  
Department of Entomology  
National Museum of Natural History, Smithsonian Institution

10:40

*user experience (UX) for citizen science*  
**Mia Ridge**  
The British Library

---

10:50

**Session Q&A**

---

Time  
EDT

**Session Two**  
**1:00 - 3:00 PM**

---

### **Poster Session**

**Topic: Digitization Spotlights (Poster Session)**

Visit [kumospace.com/biodigi2021](https://kumospace.com/biodigi2021) for an opportunity to view posters, interact with poster presenters, and socialize with colleagues and friends.

Pre-recorded poster presentations are additionally available for asynchronous viewing on the [event wiki page](#).

---

Time  
EDT

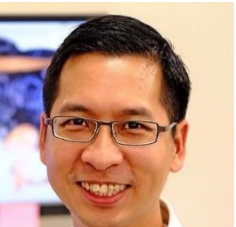

**Session Three**  
**6:00 - 8:00**

---

**Oral Presentations**  
**Topic: Community**

---

---

6:00		<p><i>Mobilizing the US Paleontological Collections Community</i>  <b>Talia Karim</b>          Invertebrate Paleontology          CU Museum of Natural History, University of Colorado</p>
6:20		<p><i>South African Natural Science Collections Data</i>  <b>Michelle Hamer</b>          Natural Science Collections Facility, South African Biodiversity Institute,          South Africa</p>
6:30		<p><i>DigiVol: Crowdsourcing Collection Digitisation</i>  <b>Paul Flemons</b>          Digital Collections and Citizen Science          Australian Museum</p>
6:40		<p><i>WeDigBio - Next steps as the community blends a global data campaign, virtual science festival, and local outreach opportunities</i>  <b>Austin Mast</b>          Department of Biological Science, Florida State University</p>
6:50	<b>Session Q&amp;A</b>	
7:00		<p><i>Virtual NMNH Tour: Digitizing Molluscs Through Space and Time</i>          Kathy Hollis, Holly Little, John Pfeiffer, Ellen Strong, Bill Moser</p>
7:10		<p><i>We're in this Together: Arctos Community and the Shared Data Ecosystem</i>  <b>Emily Braker</b>          Vertebrate Zoology          CU Museum of Natural History, University of Colorado</p>
7:20		<p><i>Automation helps accelerate data mobilization for small regional collections</i>  <b>Wei Song Hwang</b>          Lee Kong Chian Natural History Museum, National University of Singapore</p>

7:30

*International research (data) infrastructure frameworks as leverage for sustainable natural science collections funding;  
The European example of the Distributed System of Scientific Collections*

**Dimitris Koureas**

Naturalis Biodiversity Center, Netherlands

7:40

*Regional collaboration through GBIF: Latin America and the Caribbean*

**Anabela Plos**

Global Biodiversity Information Facility (GBIF)

Argentina

---

7:50

**Session Q&A**

---
